Safety Data Sheet

Section 1: Identification of the Substance/Mixture and of the Company/Undertaking

1.1 Product identifier

Product Name: Micro Synthetic PP Fibers for Concrete Reinforcement
Synonyms:
- Polypropylene Fibers for Concrete Reinforcement
- Applicable brands and styles: Sika® Fibermesh® grades 150, 300; Sika® Fibercast® 500.

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified use(s):
- Polypropylene Fibers for Concrete Reinforcement

Uses(s) advised against:
- Other than intended by manufacturer

1.3 Details of the supplier of the safety data sheet

Manufacturer: Sika Fibers, LLC
4019 Industry Drive
Chattanooga, TN 37416
United States
www.fibermesh.com

Telephone (General): 1-833-236-1255

1.4 Emergency telephone number

Manufacturer:
- 1-800-424-9300 - Chemtrec - North America

Manufacturer:
- 1-703-527-3887 - Chemtrec - International

Section 2: Hazards Identification

EU/EEC

2.1 Classification of the substance or mixture

CLP:
- Not classified

2.2 Label Elements

CLP:
- Hazard: No label element(s) required statements

2.3 Other Hazards

CLP:
- This material is exempt from CLP/REACH obligations as an article as specified in REACH (1907/2006) and related ECHA guidance.
UN GHS Revision 3
According to: UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS): Third Revised Edition

2.1 Classification of the substance or mixture
UN GHS • Not classified

2.2 Label elements
UN GHS
Hazard statements • No label element(s) required
Precautionary statements

2.3 Other hazards
UN GHS • This product as an article is outside the scope of the UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS).

United States (US)
According to: OSHA 29 CFR 1910.1200 HCS

2.1 Classification of the substance or mixture
OSHA HCS 2012 • Not classified

2.2 Label elements
OSHA HCS 2012
Hazard • No label element(s) required
statements

2.3 Other hazards
OSHA HCS 2012 • Under United States Regulations (29 CFR 1910.1200(c) - Hazard Communication Standard), the product(s) listed above are exempt as article(s) under stated normal conditions of use.

Canada
According to: WHMIS

2.1 Classification of the substance or mixture
WHMIS • Not classified

2.2 Label elements
WHMIS • No label element(s) required.

2.3 Other hazards
WHMIS • Under Canadian regulations (Workplace Hazardous Materials Information System (WHMIS) - Hazardous Products Act (HPA), Section 11(1)), these product(s) are exempt and considered manufactured article(s) under stated normal conditions of use.
Section 3 - Composition/Information on Ingredients

3.1 Substances

• Material does not meet the criteria of a substance.

3.2 Mixtures

Section 4 - First Aid Measures

4.1 Description of first aid measures

**Inhalation**

• First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. If signs/symptoms develop, move person to fresh air. Administer oxygen if breathing is difficult. Give artificial respiration if victim is not breathing. If signs/symptoms continue, get medical attention.

**Skin**

• First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. Wash skin with soap and water. If signs/symptoms develop, get medical attention.

**Eye**

• First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. If contact with material occurs flush eyes with water. If signs/symptoms develop, get medical attention.

**Ingestion**

• First aid is not expected to be necessary if material is used under ordinary conditions and as recommended. If signs/symptoms develop, get medical attention.

4.2 Most important symptoms and effects, both acute and delayed

• Under normal conditions of use, no health effects are expected.

4.3 Indication of any immediate medical attention and special treatment needed

**Notes to Physician**

• No specific actions or treatments recommended related to exposure to this material.

Section 5 - Firefighting Measures

5.1 Extinguishing media

**Suitable Extinguishing Media**

• Agents approved for Class A hazards (e.g., foam, steam) or water fog.

**Unsuitable Extinguishing Media**

• No data available.

5.2 Special hazards arising from the substance or mixture

**Unusual Fire and Explosion Hazards**

• Slight fire hazard.

**Hazardous Combustion Products**

• Incomplete burning can produce carbon monoxide and/or carbon dioxide and other harmful products.

5.3 Advice for firefighters

• Wear positive pressure self-contained breathing apparatus (SCBA). Structural firefighters’ protective clothing will only provide limited protection. Move material from fire area if it can be done without risk.
Section 6 - Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal Precautions • No special precautions expected to be necessary if material is used under ordinary conditions and as recommended.

Emergency Procedures • No emergency procedures are expected to be necessary if material is used under ordinary conditions as recommended. Use normal clean up procedures.

6.2 Environmental precautions
• Keep out of drains and water sources.

6.3 Methods and material for containment and cleaning up

Containment/Clean-up Measures • Contain and remove by mechanical means.

6.4 Reference to other sections
• Refer to Section 8 - Exposure Controls/Personal Protection and Section 13 - Disposal Considerations.

Section 7 - Handling and Storage

7.1 Precautions for safe handling

Handling • Use good safety and industrial hygiene practices.

7.2 Conditions for safe storage, including any incompatibilities

Storage • Store and handle in accordance with all current regulations and standards.

7.3 Specific end use(s)
• Refer to Section 1.2 - Relevant identified uses.

Section 8 - Exposure Controls/Personal Protection

8.1 Control parameters

<table>
<thead>
<tr>
<th>Exposure Limits/Guidelines</th>
<th>Czech Republic</th>
<th>Latvia</th>
</tr>
</thead>
<tbody>
<tr>
<td>Polypropylene (9003-07-0)</td>
<td>TWAs 5 mg/m³ TWA (dust)</td>
<td>5 mg/m³ TWA (dust, listed under Polymers dust)</td>
</tr>
</tbody>
</table>

8.2 Exposure controls

Engineering Measures/Controls • Adequate ventilation systems as needed to control concentrations of airborne contaminants below applicable threshold limit values.

Personal Protective Equipment

Respiratory • None required; however, use of adequate ventilation is good industrial practice.

Eye/Face • None required; however, use of eye protection is good industrial practice.

Skin/Body • Protective gloves are recommended for handling bags of fiber or loose fiber.

Environmental Exposure Controls • Follow best practice for site management and disposal of waste.

Key to abbreviations
TWA = Time-Weighted Averages are based on 8h/day, 40h/week exposures.

9.2 Other Information

• No additional physical and chemical parameters noted.

Section 10: Stability and Reactivity

10.1 Reactivity

• No dangerous reaction known under conditions of normal use.

10.2 Chemical stability

• Stable under normal temperatures and pressures.

10.3 Possibility of hazardous reactions

• Hazardous polymerization will not occur.

10.4 Conditions to avoid

• None identified.

10.5 Incompatible materials

• None identified.

10.6 Hazardous decomposition products

• Thermal decomposition products of combustion: oxides of carbon.
# Section 11 - Toxicological Information

### Potential Health Effects

#### Inhalation
- **Acute (Immediate)** - Under normal conditions of use, no health effects are expected.
- **Chronic (Delayed)** - Under normal conditions of use, no health effects are expected.

#### Skin
- **Acute (Immediate)** - Under normal conditions of use, no health effects are expected.
- **Chronic (Delayed)** - Under normal conditions of use, no health effects are expected.

#### Eye
- **Acute (Immediate)** - Under normal conditions of use, no health effects are expected.
- **Chronic (Delayed)** - Under normal conditions of use, no health effects are expected.
Ingestion

Acute (Immediate) • Under normal conditions of use, no health effects are expected.
Chronic (Delayed) • Under normal conditions of use, no health effects are expected.

11.2 Other information

• The toxicological properties have not been fully investigated. Polypropylene was tested in rats by subcutaneous implantation of discs or powder. Local sarcomas were induced at the site of implantation. Subcutaneous injections are not a normal route of exposure. All inorganic pigments, if present in of this product, are considered to be fully bound within the polymer matrix, and therefore, are not readily available under normal conditions.

Section 12 - Ecological Information

12.1 Toxicity

• Sika Fibers, LLC has not conducted ecological testing on this material.

12.2 Persistence and degradability

• No data available

12.3 Bioaccumulative potential

• No data available

12.4 Mobility in Soil

• No data available

12.5 Results of PBT and vPvB assessment

• No PBT and vPvB assessment has been conducted.

12.6 Other adverse effects

• No studies have been found.

Section 13 - Disposal Considerations

13.1 Waste treatment methods

Product waste • Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

Packaging waste • Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.
